About Your *GRE*® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at **www.ets.org/gre/test-takers/general-test/scores/understand-scores** .

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at **gre-info@ets.org** or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Overall Band Score

Overall	6.0	Competent User

The test taker has an effective command of the language despite some inaccuracies, inappropriate usage and misunderstandings. They can use and understand fairly complex language, particularly in familiar situations.

Test	Score	Your result explained	Advice to improve your score
Listening	6.5	Test takers at Band 6.5 can typically follow extended speech and understand detailed instructions. They can generally understand directly-stated facts, attitudes, opinions and purposes. They can also generally pick out main ideas, and relevant and irrelevant information; and can also generally infer implied meanings. They can do this without having to process individual words and structures and can remember enough of what they have heard to understand references such as pronouns. They can understand most vocabulary relating to a range of topics, including some terms typical of academic English.	Continue to develop your vocabulary by reading widely. Listen to as much English as you can so that your understanding becomes more automatic. Listen to longer recordings such as interviews and films, with and without English subtitles, pausing and repeating the recording when necessary. Note the words you didn't understand immediately, so you can review them. Try to understand those times when the speakers don't directly say what they mean. What are the clues you use to understand these in your own language? Use the same strategy to understand them in English.
Reading	5.0	Test takers at Band 5 typically deal reasonably well with straightforward factual and opinion-based texts. They are able to use their vocabulary knowledge to create meaning, but mostly within sentences rather than across sentences. They can understand directly stated information, opinions and arguments, and some implied meanings. They are generally able to extract key words from texts, and have a limited ability to synthesize concrete information and make inferences.	Try to read different types of texts, including some academic ones in your subject area. When reading, use different strategies to help you. For example, decide which parts need to be read carefully and which parts can be read more quickly or not at all. You can also try to make predictions based on the title or what you have already read, or guess the meaning using surrounding words and sentences. Re-read until you are confident that you understand the opinions and arguments. You might also want to identify the clues that tell you about important points, what the writer's attitude to the topic is, or where the writer is moving on to a different point.
Speaking	6.5	Test takers at this band can typically speak at length, although they are sometimes less clear or fluent because of repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally well linked, but with some errors. They have enough vocabulary to discuss topics clearly and at length, although there are often errors, and they can usually paraphrase well. They can use simple and complex grammar structures but with limited range. There may be frequent grammar errors, particularly in more complex structures, but language is usually easy to understand. Pronunciation can be clear and effective, but there may be problems. They are usually easy to understand, although words may be unclear at times.	Talk to other English speakers about more abstract topics or more difficult current topics. Keep the discussion going for as long as possible. At the same time, try to express your ideas as accurately as you can, using the best words you know. Many of your ideas will also require the use of complex grammatical structures. If you're using several simple sentences, try to join them up in a way that makes your point clearer. Listen (and read) in English more to help you pick up natural and idiomatic phrases. When listening, note the rhythm and also the words that the speaker stresses. Is your rhythm similar? Are you putting the stress on the right words?

AURORA'S DEGREE & P.G. COLLEGE ★ Chikkadpally ★ Hyd-20.

Writing	5.5	Test takers at this band are typically able to partly answer the question. (AC) There may be too much detail and no overview, or no data. (GT) The purpose of the letter may be sometimes unclear, and the tone sometimes not suitable. Test takers can give their own point of view and some main ideas, although these may not lead to any conclusions. They can partly organise their writing, and can use some joining words, although these are wrongly used or over-used in places. The writing might repeat itself and the Task 2 might lack paragraphs. They have just enough vocabulary to answer the question, although spelling mistakes cause some difficulty for the reader. They are able to use some basic sentences correctly, and try some complex sentences, which often contain mistakes. Punctuation is sometimes faulty and the mistakes in grammar cause some difficulty for the reader.	Practice writing to give information. Try writing a one sentence summary of the points you want to make. A good summary sentence at the beginning of your work can help the reader know what's coming, making your work easier to read. Then, go through your points one by one. Put different points in different paragraphs, to make them easier to follow. Don't forget that letters, reports and essays are different, so make sure your writing matches what you're being asked to write. After you produce a piece of writing, see if there are sentences next to each other that can be combined into a complex sentence. If you're referring to something frequently, try to refer to it in different ways. This can often make your writing flow better. Check your spelling to make sure they are correct.

About Your *GRE®* Score Report

Score Reporting Policies

With the *ScoreSelect®* option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE®* General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE®* Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For information about interpreting your scores, see *Interpreting Your GRE Scores* at **www.ets.org/gre/understand** .

Overall Band Score

Overall	6.5	Competent User

The test taker has an effective command of the language despite some inaccuracies, inappropriate usage and misunderstandings. They can use and understand fairly complex language, particularly in familiar situations.

Test	Score	Your result explained
Listening	7.0	Test takers at Band 7 can typically follow extended speech and understand detailed instructions to complete tasks, including some involving complex ideas. They can identify ideas, attitudes, opinions or purposes which are implied by the speaker but not directly stated. They can easily understand meaning, including references within and between sentences, without having to process individual words and structures. They can understand a wide range of vocabulary, including some idiomatic, technical, and academic language, even when the language and ideas are complex.
Reading	7.0	Test takers at Band 7 can typically deal with a variety of factual and opinion-based texts that may be complex and dense with information. They are very good at using their wide vocabulary knowledge to create meaning, both within and across sentences, on a range of general and specialised topics. They can follow an argument and distinguish between main ideas and supporting details, and are good at understanding attitude, opinion and implication. They are able to do this by using reading strategies such as skimming and scanning, and by synthesizing information and drawing inferences.
Speaking	5.5	Test takers at this band can typically keep speaking, but there may be frequent repetition, self-correction, slow speech, or hesitation to search for words or grammar. Speaking is not always clear and well linked, often with an overuse of certain linking words or phrases. Although they can talk fluently on simple topics, there may be problems with less familiar topics and language. They have enough vocabulary to talk about familiar and unfamiliar topics, but the range is limited, there are frequent errors, and there may be limited ability to paraphrase. They can use simple grammar structures, and these are quite accurate. There are not many complex grammar structures, these usually have errors, and may be difficult to understand. Pronunciation can be clear and effective, but there are often problems, and these may make test takers difficult to understand at times.

Advice to improve your score

Listen to current affairs and documentary programmes, or online talks, without pausing or repeating the recording. Try to remember as much as you can, including new words, main ideas, specific points, and their relationship to each other. Afterward, reconstruct what you've heard. How much are you able to reconstruct? Listen more and try to increase the amount that you can reconstruct. When speakers don't directly say what they mean, we use strategies to guess their meaning. What are some of these strategies that you use in your own language? Use the same strategies to understand them in English.

At this level, it is important to broaden the range of texts you read further. Continue to develop your awareness of how to read different types of texts differently. What features does that particular type of text typically have? How is information structured and arranged in such texts? Will it require making inferences? Will there be a summary somewhere? Use your knowledge of these and approach the reading task in an appropriate way. Where you want to know the overall argument or specific arguments, try to do this as efficiently as possible. As an exercise, try to find several opinion-based texts on the internet, and then determine the similarities and differences in their opinions and views.

Think of topics you don't know about, including some abstract ones, and learn as many English words related to them as you can. Then talk about one of the topics using as many of the words as you can. When you speak, try to group words that go together in 'chunks' of meaning. This will make your delivery sound better. Notice words you find hard to pronounce and repeat these until you get them right. After you have finished speaking, try again, but this time talking longer and saying things in a different way. If you can, find other English speakers you can speak with. Talk about the topics you have worked on, ask each other questions, and have a discussion. While discussing, if you don't know words or grammar structures for something, try to say it in a different way using different words. Afterwards, note the words and structures you don't know so you know what to learn next. Listen to English programmes to help improve your pronunciation.

AURORA'S DEGREE & P.G. COLLEGE ★ Chikkadpally, Hyd-20. ★

Writing	6.0	Test takers at this band can typically address all parts of the question, some more fully than others. (AC) They can give an overview. (GT) The letter has a generally clear purpose; the tone is sometimes not consistent. Key features and bullet points are covered. The point of view and main ideas are relevant but the conclusion(s) may be unclear. Some details might be irrelevant or wrong. Test takers can arrange their ideas logically, so that the writing has a clear progression from start to finish. They are able to use some linking words well, but others with mistakes. They can paragraph their Task 2 writing, although not always logically. They have enough vocabulary to answer the question. They try to use some less common words. They make some spelling mistakes, but the reader can still understand. They can write a mix of simple and complex sentences. The grammar and punctuation mistakes do not usually cause difficulty for the reader.	Practice writing to give information and make arguments. Make sure you cover all the points that need to be covered, providing supporting ideas and details. Reread your work and see if you can make your points clearer. Is the ordering of your ideas logical? Sometimes, rearranging them can make things clearer. You can also try joining up or separating sentences, using the right connecting devices, and changing where you divide your paragraphs. Continue to develop your vocabulary. Words can be similar in meaning but differ in formality, in their tone, and in their implications. Focus on learning the best words to use for the writing task, the situation, and what you want to say. Challenge yourself by producing sentences that are more complex. If you make mistakes with them, don't worry too much; just check and see how you can fix them.

About Your *GRE*® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at **www.ets.org/gre/test-takers/general-test/scores/understand-scores** .

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at **gre-info@ets.org** or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).
