## DETAILED REPORT:

CORONA VIRUS lockdown has restricted organizations and educators to make the 50th anniversary, without leaving the comfort of our homes. Earth Day, which is celebrated annually on April 22, is usually commemorated with outdoor activities like planting trees etc., demonstrating support for environmental protection. The captain gathered the students for the celebrations following all the instructions given by me and explained the importance of Earth Day. Students from BTBIC 1A had participated online in Google classroom by presenting PPT's on 'Earth Day 2020', thus making the special day as "Digital Earth Day". Students got to know the importance of environment and health. I appreciate all the participants for their wonderful job despite all the odds. As a section incharge I congratulate Rounak Singh for presenting the best PPT.
