In recognition of the notable contributions made by Late Prof PC Mahalanobis in the field of Statistics .He was an influential mathematician and Statistician.

National Statistics day is celebrated on the eve of birth anniversary of Prof.Prasanta Chandra Mahalanobis. The Govt. of India recognised his birthday as National Statistics day in the year 2006. He made valuable contributions to the Statistics like Sampling surveys ,Socio – Economic planning. He served as a member in the first five year planning commission. He was the first person who introduced statistics in India, and he established ISI,CSO.Normally,Our nation called him as Father of Statistics

The very first National Statistics Day was celebrated on 29th June, 2007 and this year the theme of Statistics day is “Sustainable Development Goals”.

The faculty members gathered the students for the celebrations. The faculty wished the students and explained the importance of statistics in various fields like IT Companies, Pharma Industries etc .Further,The students presented the power point presentations on “ Contributions and Achievements” of Prof.P .C Mahalanobis. One student has given the seminar on the theme of Statistics Day. The Department HOD appreciated the students on presentation and she motivated the students to inculcate the thinking abilities of the subject .She also said the contributions of Prof. P .C. Mahalanobis in the field of Statistics.
