of Knowledge*

Governing Body's Message

St. Francis of Assisi once said, "Start by doing what's necessary; then do what's possible; and suddenly you are doing the impossible." Aurora's Degree & PG College has repeatedly achieved the impossible through great teamwork, incomparable passion and limitless creativity. We congratulate the Principal, staff and the administration for not only striving for higher standards in formal education but also attempting to build the personality and character of the youth that passes through its portals, through a variety of extra-curricular activities related to science, arts and sports. We commend the editorial team of this magazine for perfectly capturing the deeds and laurels of the institution. We wish every Aurorian the very best for the year ahead.

Members of the Governing Body

Chairman's Message

Dear Readers,

Aurora has evolved in a short span to reach a unique spot in the world of education. We are known for providing quality education and encouraging our students as they embark on path-breaking careers. It gives me great delight to see that Australis, Aurora's magazine captures the heart of Aurora. Readers will be pleased to see the awe-inspiring events, exciting activities and tremendous talent found in this magazine. We take pride in delivering a meaningful holistic development. The magazine shows the strengths, creativity and unending passion at Aurora. I commend the efforts of the editorial board and wish the students good luck

Secretary's Message

Dear Readers,

Walt Disney once said, "Our heritage and ideals, our code and standards - the things we live by and teach our children - are preserved or diminished by how freely we exchange ideas and feelings." Aurora's rich heritage is the result of people pouring in their passion and hard work. We have always taught our students to reach for the impossible and to be themselves. Our strong values have kept us going. I'm extremely pleased to see this magazine showcasing our way of life. Aurora's specialty, the great efforts, students and faculty truly cement its position. I congratulate the editorial board for their excellent result.

Editorial

Hello dear readers!!!

It is the quietening of the day that is considered the most beautiful. As we come to the end of another year of Aurora, we look back on the excellent journey- the learning experiences we have had, the enlightenment we have attained, the successes we have achieved and the magnificent memories we have created...

We at Aurora believe in what Sir Henry Ford said, "Coming together is a beginning; keeping together is progress and working together is success." We are the risk takers and believe that success can only be achieved with sheer dedication and passion. We are committed to high quality and perfection of our work.

Australis is a testament to our talent, creativity and achievements. It cherishes our successes, reflects on the glorious year we have had and encourages us for the future ahead. It is the symbol of triumph for us Aurorians. This edition of Australis brings you the superb world of Aurora in an innovative way and also features the innumerable talents of our students. As you go through the pages, you will find the creativity in our work, plethora of achievements and success in every field, and the abundance of brilliance. This issue proves yet again that Aurora is a blend of all the talents that exist on the earth - that is what makes us special.

The editorial board conveys heartfelt gratitude to all the people, whose painstaking efforts resulted in this fantastic publication.

Principal's Message ☺ Annual Report

Hello Readers,

Buckminster Fuller once said, "You never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete." This academic year has been phenomenal for Aurora because we never stop at the present, being satisfied with past achievements. We always look to the future, thinking of brand new possibilities and how to get there. We are constantly updating ourselves so we can reach greater heights. It gives me immense pleasure to give you this year's edition of Australis. The magazine will captivate you from start to finish. It will show you what exactly drives us Aurorians to do the things we do. We have done excellent work in various fields be it academics, sports, extracurricular activities or social service. We were able to do because of our passion for the world and a vision for the future. This issue is a surprise package of the creativity and fortitude of Aurorians. I congratulate the editorial board and every member whose hard work has resulted in this splendid magazine.

Now, I'm proud to present to you Aurora's Annual Report during the academic year 2015-2016. We have once again proven that we are one of the best colleges in the country, offering quality education across various streams such as Commerce, Management, Physical Sciences and Biological Sciences. This year the college admitted more than 1350 students in the various streams. The results of our students in the Annual Examinations held in April 2015 are as usual very good. Another feather in our cap is the Prerana shield – bagged by our first year students of B.com

Honours. "Prerana" is an intercollegiate event organized by the Osmania University, which provides a perfect platform for the students of B.com (Hons) to showcase their hidden talents in the field of commerce and management.

Aurora not only concentrates on offering academic excellence but also takes care to carve the personality of a person and groom students of impeccable character.

The year started off with bidding farewell to the outgoing batch of students. Samavarthan – the graduating ceremony was held on 11th July, 2015 at RTC Kala Bhavan, to recognize the efforts of the students and encourage them as they step into the world of harsh reality with courage and indomitable attitude.

Aurora has a tradition of welcoming the first year students in a grand way through an Induction program. The main objective of this program is to introduce the students to the constituents of the Aurora family and provide an inviting platform to assure them of the success of their career plans and also to assure the parents that their wards are in effective hands. This batch's Induction Ceremony, "Parichay", was conducted at RTC Kala Bhavan on 20th July, 2015. The students were given a sneak peek into the activities in the college and were welcomed into the Aurora family by pledging to cherish the name of the institution.

Evolving times demand that faculty be equipped with a repertoire of teaching skills and students be equipped with knowledge outside prescribed books. This year, a series of faculty development programs were conducted by all the departments spread throughout the year. A Faculty Development Program on 'Embedded Systems and Applications' was organized by the Department of Electronics on 29th July at the college auditorium. To familiarize the lecturers with the basics of research methodology, an FDP was organized by the Department of Commerce on 22nd August, in association with ICSSR. On 22nd August, an FDP on 'Innovative Methods of Teaching Statistics' was organized by the Department of Statistics. It was designed to familiarize the participants from various colleges to the concepts of probability modeling & Statistical Inferences. On 26th August, an FDP was organized by the Department of Mathematics, with the title, "Mathematical Modeling in Science and Engineering". One of the objectives was to show the application of mathematics in real world scenarios. It is as important to focus on soft skills training and development as on traditional hard skills because the former helps a teacher to use their expertise to the maximum by supplementing knowledge, experience and capability. Keeping this view in mind, the Department of English organized a one day training program on 29th October, 2015. An FDP on "Modern Biology" was organized by the Department of Biochemistry on 6th November at IICT. Abhyasa- a workshop on "Linear Circuit Design and Development" was organized on 19th November by the Department of Physics and Electronics in collaboration with Physitech Electronics. They also conducted a month long adjunct course on "Circuit design, PCB fabrication, Soldering and Testing" from 7th to 30th September, 2015. At the end of the course, the students were able to design a

circuit for "Automatic night light".

Language is an indispensable mode of communication. Each language reflects the culture, tradition, mindset and uniqueness of a society. To mark the importance of inducting 'Human Values in Literature', a two-day National Conference was organized by the Department of Languages on 4th and 5th December at Aurora's Business School, Panjagutta. The main objective of the conference was to create awareness about values among the teaching fraternity and thereby the society. The Department of Biochemistry organized a two-day National Seminar on 18th and 19th December to create awareness and generate interest in medicinal plant research. The seminar was designed to enlighten people about the current trends and recent advances in conservation strategies, cultivation practices and market potential of plant parts and extracts.

Continuing with the academic fervor, the faculty at Aurora is encouraged to be actively involved in research. I am glad to inform you that Aurora's Research journal "Antharmukha" is being released consistently. Our faculty took the opportunity to publish their articles in the journal. Apart from this, our faculty presented and published papers in various national and international conferences. They have also taken life memberships in various organizations.

Students at Aurora are also actively involved in Research Work to name a few. Shravya Hulihyder from MiGC-3 and Neha Quadri from MiGC - 2 have been selected for their Summer Internship at Jawaharlal Nehru Centre for Advanced Scientific Research, (JNCASR) Bangalore.

The placement council of our college has worked aggressively in order to guide the students onto the right career path. The students have been rigorously trained on interview etiquettes, JAM & Group Discussions. Orientation sessions have been organized for the students by the faculty and the HR managers to make them competent enough to face interviews. Aurora's Placement Council has successfully placed more than 237 students in the top listed companies like AMAZON, TCS, Unisys, Deloitte, Berkadia, Franklin & Templeton, IBM, Virtusa, WIPRO, HGS EBOS, ADP, Genpact, COGNIZANT, Concentrix, Aircel, Sutherland, TCS, S&P Capital IQ, Dr. Reddy Lab, Pensiotech, Mphasis etc. with the highest package of 3.00 lac p.a. Another feather in our cap is Aurora signing an MOU with Berkadia Services India Private Limited and Aircel. These two companies have offered Certification courses on Commercial Mortgage back securities and Corporate to campus. Around 34 students successfully completed the certification courses. Also 33 students are successfully doing their internships with companies like Amazon, Aveksha, Lesson Tree etc.

The NCC unit at Aurora has excelled and represented our college at various levels. They have participated in many national level camps. One of our students was selected for the National Integration Camp. Three cadets attended All India Trekking Camp. And two of our cadets, S. Kuldeep and K. Tripura attended six months training and were selected for the Republic Day Camp at New Delhi. Three cadets bagged prizes in the inter-collegiate cultural competitions.

Our college also has two NSS units wherein the students have rendered their services selflessly to helping those in need. This academic year, the NSS wing at Aurora volunteered for various initiatives. More than 45 volunteers participated in the NSS camp from 15th to 21st April, held at Thimmapur village, Kandukur Mandal, Ranga Reddy District. More than 50 volunteers coordinated the Telangana Formation Day celebrations from 2nd to 7th June at Ravindra Bharathi, Lalitha Kala Thoranam and Harihara Kalabhavan. More than 75 NSS volunteers participated in the International Day of Yoga event on 21st June at Youth Hostel, near Boats Club. The NSS Day was celebrated on 24th September, with more than 1200 Volunteers and 100 Program Officers (POs) at Tagore Auditorium, OU. On 9th November, our students volunteered for the 'Telangana Bhasha Samskruthi' event at Ravindra Bharathi, with the chief guest being Sri. K. Chandrashekar Rao, Hon'ble Chief Minister, Telangana. As a part of the Swachh Bharat Program, a total of 110 volunteers took care of the areas of Bhagat Singh Nagar and Lambada Thanda, cleaning up the premises and distributing necessary items. The guest for the initiative was notable actress, Amala, who inspired the residents to be vigilant. Nearly 40 volunteers were a part of the five-day Entrepreneurship Development Training Program at Aurora's PG College, Ramanthapur, which was organized by Government of India in collaboration with the ICT Academy, Tamil Nadu. Consumer Day was celebrated on 24th December with Mr. Rajat Kumar, IAS, Commissioner Civil Supplies, Mr. N. Ganeshan, Vice-president, Consumer Care Center and Mrs. Rajam Ganeshan, Consumer activist, as the guests. Students visited village camps to spread the word.

Aurora is also known for its progressive opinions of societal structure. We believe in equality and stand against injustice. We also believe that students should be aware of the world around them. To empower young girls of various colleges in the twin cities, a workshop on "Security for Women and Self Defense Techniques" was organized by the Women Empowerment Cell of Aurora in collaboration with Hyderabad City Police on 8th January, 2016, at Victory Indoor Stadium, Chaderghat. The Entrepreneurship Development cell of Aurora launched the Kaunbanegacorporator.com to educate voters about various wards, political parties, important dates and resident satisfaction ratings for GHMC Elections 2016. The portal has been a commercial success from its inception, drawing the attention of both civic as well as political circles.

Coming to literary and cultural arena, our students have performed exceedingly well, bringing laurels to the college. To name a few Pramod Sarvade of B.Com-3 Honours has won several prizes at the national level in painting and Sketching Competitions. Mohak Agarwal of B.Com - 2 Honours has won prizes in several literary competitions at National & International level. Lakshmi Gayatri of BBA-3 is a popular singer and has won the Divisional and District level in singing competitions conducted by the Govt. of Telangana.

The icing on the cake was Aurora's literary and cultural fest "Abhiyaan", which was organized on September 11th & 12th 2015. The fest was a grand success with a turnover of 1200 intermediate and under graduates competing to showcase their talent.

Aurora's sports stars have always achieved laurels under the able guidance of our physical directors – Mr. JayaPrakash and Mr. Jaipal Reddy. This year also our

sportsmen have given their best winning multiple laurels in every field. To name a few Tanmay Agarwal of B.Com General 3 D got selected for Hyderabad Ranji Team and scored two centuries. Priyanka H of B.Com - Comp. 2C got selected for Telangana State Throw Ball team participated in Nationals at Rajasthan. Shweta Kshirsagar of B. Com I B Hon. got selected for Telangana State Roller Hockey team participated in Nationals at Vizag.

Frank Herbert aptly said, "There is no real ending. It's just the place where you stop the story." Our achievements this year don't begin and end with just this list. We began with a yearning- to be the best and more. And we do not plan on stopping ever. We will never be content with what we have; we will always work hard for better things ahead. I commend every student and parent who is on this journey with us. I offer gratitude to the management of Aurora's Degree and PG College, the faculty and the administrative staff for their encouragement and support. I conclude by quoting Mother Theresa- "Reach high, for stars lie hidden in your soul. Dream deep, for every dream precedes the goal."

Thank you.

The Year that was...

Samavartan-2015

A.T. Mercier aptly said, "The only way to the top is by persistent, intelligent, hard work." Graduation is a special event for students who witness years of their meticulous efforts coming to fruition. To congratulate their astounding academic success, Samavartan- a mini Convocation, was held on 11th July, 2015 at RTC Kalabhavan. **Dr. J.S. Yadav Ph.D, FNA, FASc, FTWAS Bhatnagar Fellow, Ex-Director – Indian Institute of Chemical Technology (IICT), Hyderabad**, presided over the function. The guests for the day were **Ms. Vanitha Datla, Chairperson, CII, Telangana, Managing Director – Elico Ltd**, **Dr. Ch. Madhusudhan MBBS, MD, FRCS (London), Head – Surgical Gastroenterologist, Osmania General Hospital, Hyderabad** and **H H Sri Sri Sri Tridandi Srimannarayana Ramanuja Chinna Jeeyar Swamiji**. The guests applauded the efforts of the students and inspired them to be the best. They also enlightened the students on the challenges of today's highly competitive world and encouraged them to face everything with a tenacious attitude. Toppers from every stream were congratulated and awarded gold medals. It was an unforgettable experience for the students.

Parichay - 2015

Aurora has a tradition of welcoming the first year students in a grand way through an Induction program. The main objective of this occasion is to introduce the students to the constituents of Aurora and show the parents that their wards are in effective hands. It is an inviting platform that boosts their confidence regarding the success of their career plans. This year's Induction Ceremony, "Parichay", was conducted on 20th July 2015 at RTC Kala Bhavan. The Chief Guests for the day were, **Dr. D. Balasubramanian**, Former Director, IICT, **Mr. Ashish K. Sharma**, Head, Postpaid Bharati Airtel, **Ms. Neeta Dadwe**, Arjuna Awardee and Kabbadi Player, and **Ms. Martha Maurice** Head, HR, Amazon. The guests encouraged the students, highlighting the power of hard-work, commitment and dedication. The alumni of Aurora also came forward to share their experiences with the new batch. Showcasing the achievements of the college, the first edition of the College Newsletter for this academic year- Akshara, was released by the guests. The students were then given a picture of the activities in the college through a documentary on the various cells- NCC, NSS, Placements, Student activities and so on. The students were welcomed into the Aurora family by pledging to cherish the name of the institution.

Faculty Development Programmes

In the field of education, standards seem to change constantly. There are new discoveries and developments every day. To ensure that learners gain proper knowledge through a practical and enjoyable approach, teachers need to keep themselves informed on the latest developments. Aurora believes that a student's learning abilities can evolve in a great way only when the teacher is ahead of the times. Hence, Faculty Development Programs (FDPs) are organized on a regular basis to enable the growth of the lecturers.

Department of Electronics

A Faculty Development Program on 'Embedded Systems and Applications' was organized by the Department of Electronics on 29th July at the college auditorium. The guest speakers for the event were Prof. ML Sai Kumar, Formerly Dean, IPE, Prof. Samarat L Sabat, School of Physics, University of Hyderabad and Dr.Hemalatha, Department of ECE, University College of Engineering, OU. There were three sessions in the program. First session on "Out Come Based Teaching and Learning" was handled by Prof. Kumar. This was followed by "Embedded System Design - From Specifications To Prototype" by Prof. Sabat. The final session was on "FPGA based Embedded System Design" by Dr.Hemalatha. The event witnessed a huge turnout of faculty members from various colleges.

Department of Commerce

To familiarize the lecturers with the basics of research methodology, an FDP was organized by the Dept. of Commerce on 22nd August, in association with ICSSR. The guest speakers for the day were Dr. G. Laxman, .Dr. K. Shankaraiah, Dr. Prashanta Athma, Dr. S. V. Satyanarayana, Dept. of Commerce, Dr. A. S. Chakravarthy, Dept. of Library & Information Science and Dr. Ravindranath K. Murthy, Dept. of Education, OU, and Dr. S. F. Chandra Shekar, HR, SSIM. Dr. Laxman and Dr. Shankaraiah addressed the gathering about the value of research, methodology, role of facilitators, related contemporary issues and the importance of research projects in the lives of students. The inaugural Technical Session was handled by Dr. Satyanarayana on the topic "Research Process". Dr. Prashanta provided her insights into "Review of

Literature". Dr. Chakravarthy engaged everyone in a conversation on "E-Resources & Search Strategies". Dr. Murthy enlightened the audience on Data Analysis using SPSS. Interactive sessions with the speakers raised several important issues. The last session by Dr. Chandra Shekar educated the audience on the different steps in report writing.

Department of Statistics

On 22nd August, an FDP on 'Innovative Methods of Teaching Statistics' was organized by the Department of Statistics. It was designed to familiarize the participants from various colleges to the concepts of probability modeling & Statistical Inferences. The guests for the day were Prof.R.J.R.Swamy, Narsee Monjee Institute of Management Studies and Prof. M. Krishna Reddy, C.V.R.College of Engineering & Technology. Prof. Swamy spoke about the Need of Probability Modeling in Decision Making. He enlightened the audience on the various probability concepts and modeling of probability. Prof. Reddy offered whip smart insights into 'Applications of Statistical Inferences in Decision Making'. The interactive sessions proved to be highly constructive.

Department of Mathematics

On 26th August, one such FDP was held by the Department of Mathematics, with the title, "Mathematical Modeling in Science and Engineering". One of the objectives was to show the application of mathematics in real world scenarios. The guests for the day were Dr. BhimalapuramPrabhakar, Assistant Professor, and Dr. Pradeep Kumar Ramancharla, Professor, IIIT, Hyderabad. The event witnessed a huge turnout of faculty from several engineering and degree colleges in the twin cities. The first session on "Numerical Simulation in natural sciences" was handled by Dr. Prabhakar. He demonstrated the concept of using Eigen values and Eigen vectors to interpret the results in a mathematical model. Dr. Kumar's session on "High performance of numerical simulation on Earthquake disaster model", enlightened the audience on the role of mathematical modeling in identifying the various zones for Earth quake. The guests also engaged the audience in

educative interactive sessions. It was a highly motivational and fruitful experience for everyone involved.

Faculty Development Program

A faculty development program on the topic, 'Challenges faced by teachers today' was organized on 17th October, 2015. The guest speaker for the day was Prof. Viswanadham Vangapally, a motivational speaker with excellent oratory skills. He enumerated on a range of areas from students' attention span in the class to involvement of teachers in taking classes and evaluation work. He also spoke on various areas such as, moral values, contrast between conventional & modern learning, discipline, student psychology and innovative methodologies in teaching. The speaker's explanation covering even tiny details with emphasis on the role of a mind map was well received by all the listeners

Department of English

Evolving times demand that faculty be equipped with a repertoire of teaching skills. It is important to focus on soft skills training and development as on traditional hard skills as the former helps a teacher to use the expertise to the maximum by supplementing knowledge, experience and capability. Keeping this view in mind, the Department of English organized a one day training programme on 29th October'2015. Corporate trainers, Prof. Adiraju Satyanarayana and Prof. Jagan Mohan took sessions on communication skills, multitasking, attitude and stress management. The faculty had an enriching learning experience.

Department of Biochemistry

An FDP on "Modern Biology" was organized by the Department of Biochemistry on 6th November at IICT. The guest speakers for the day were Dr. Ramesh Shonti, CCMB, Dr. Amitav Das, IICT, Dr. M.D. Bhasyam, CDFD and Dr. Shailendra Saxena. Dr. Shonti enlightened the audience on "marker assisted selection of the gene". Dr. Das enthralled the audience on the current findings in stem cell research. Dr. Bhasyam spoke about colorectal cancer and Dr. Saxena elucidated on the Ebola virus. It was a learning experience for everyone.

PRERANA

Prerana is an annual meet conducted for the students of B.Com (Hons) by the Commerce department of Osmania University. A total of 8 competitions were conducted testing various skills of students and Aurora stood out among all other colleges and won the shield winning the event with a total of 68 points. The event turned out to be a binding source for all the juniors with the college faculty and seniors, allowing them to bring out what is best in them; a learning experience to become a better version of them.

Visit to O P Jindal University

It is said that 'experience is the best teacher' and for Aurorians, one such experience was 'Biswamil-2K15', a national event organized by O.P Jindal University. The three day event was an ocean of opportunity for budding talent and also the already bloomed ones where students even had extravagant time spending in the 2000 acre University campus, exploring, feeling and enlightening themselves with the real world life. Coming to the best part of the tour, Aurorians performed extraordinary and bagged prizes in plenty, which wouldn't have been possible without the moral support of college. Prizes were in the form of cash and coupons. The events varied from 'Nukkad Natak' to General quiz. This truly was an epic journey in which Aurora yet again proved its mettle!

Teachers' Day

Henry Adams said, "A teacher affects eternity; he can never tell where his influence stops." Teachers impart life lessons to young minds and play a major role in shaping the future. To express their gratitude, Aurorians celebrated this year's Teachers' Day with much pomp and revelry. The event began with a welcome speech, followed by the lighting of the lamp. The Principal engaged the audience in a discussion on the importance of teachers, education system, and the need for innovative thinkers. Several competitions were held for faculty members. A vibrant array of cultural activities such as singing, dancing, skit and rock band performances enthralled the audience. A few teachers shared their views and experiences with the students. Winners of the competitions were awarded. It was a memorable day for both teachers and students.

Women Empowerment Cell

Violence against women is always a burning issue. In countries like India, the situation is extremely dire, owing to the age-old traditions. To empower young girls of various colleges in the twin cities, a workshop on “Security for Women and Self Defense Techniques” was organized by the Women Empowerment Cell of Aurora in collaboration with Hyderabad City Police on 8th January, 2016, at Victory Indoor Stadium, Chaderghat. The guests for the event were Ms. Swathi Lakra, IPS, Addl. CP Crimes & SIT, Ms. D. Kavitha, ACP, She Teams, Ms. Syeda Falak, International Karate Champion, Mr. Ranjan Ratan Kumar, Addl. DCP, Mr. R. Giridhar, ACP, Sultanbazar, Sri. Ramesh Nimmatoori, Secretary and Correspondent, Aurora's Consortium, and Sri. Viswanadham Bulusu, Principal, Aurora's Degree & PG College. Ms. Lakra enlightened the audience on how to be protected from cyber crimes. She stressed the role of “Friendly Policing” in the Hyderabad Zone. A skit on the suppression of women in society resonated with the audience's feelings. Ms. Falak demonstrated several useful defense techniques. Ms. Kavitha shared her experiences and motivated the audience to rely on the She Teams. Sri. Nimmatoori highlighted the need for empowering women and quoted our ancient texts that gave utmost importance and respect to women. The event had a profound impact on everyone involved.

Entrepreneurship Development Cell

The progress of a nation depends on several factors, but a strong entrepreneurship can bring about a significant growth. Aurora, in its quest to make efficient future citizens, recognizes the need for promoting entrepreneurship. With that in mind, our Entrepreneurship Development (ED) cell was created. The following activities were conducted by the ED cell in the academic year 2015-16:

- **Entrepreneurship Orientation Program (EOP):** A one-day EOP was organized at National Small Industries Centre (NSIC) in July, to introduce students to the field of entrepreneurship- its importance in economy, the characteristics of entrepreneurs and

the Institutional support available to them. A workshop was also conducted to stimulate their ideas and sharpen their business acumen.

- **Organic Farming:** Students conducted an online survey of about a 1000 respondents to understand the perceptions of the people on organic products. An organic vegetable supply was organized at Aurora to enlighten the general population.
- **Used-Books sale:** To identify the untapped business markets for second-hand products, the cell organized a flea-market style used-book sale at the college.
- **Analytics, Maps and Market research:** Kaunbanegacorporator.com was launched by the cell to educate voters about various wards, political parties, important dates and resident satisfaction ratings for GHMC Elections 2016. The portal has been a commercial success from its inception, drawing the attention of both civic as well as political circles. It drew an unprecedented media attention, especially in light of “Start up India –Stand up India” initiative of the Modi Government.
- **GHMC:** Our students volunteered for the GHMC in the Two-bin distribution scheme as well as Parichay-Know your ward officers program, acting as nodal agents to provide feedback from the civic society.

ARPF Felicitated our College

In today's world, our humanity can shine only through acts of kindness. This kindness extends to not only humans but also other living beings on this planet. The Animal Rehabilitation & Protection Front (ARPF) is a platform for nature-lovers to learn and enlighten people about the importance of wildlife and the need to save the environment. Aurora believes in this noble cause and our students have been passionate participants in ARPF's endeavours. On the occasion of ARPF's 5th anniversary celebrations, Aurora was appreciated for its constant efforts and Deepak Sanaka of Mi.G.C 3 was named the best department lead for this year.

National Conference

“Human Values in Literature”

Language is an indispensable mode of communication. Each language reflects the culture, tradition, mindset and uniqueness of a society. To mark the importance of inducting 'Human Values in Literature', a two-day National Conference was organized by the Department of Languages on 4th and 5th December at Aurora's Business School, Panjagutta. The main objective of the conference was to create awareness about values among the teaching

fraternity and thereby the society. The guests for the event were Prof. V. Kannan, Prof. Sheshu Babu, Asst. Prof, Moulana Azad National Urdu University, Prof. Vidyananda Arya, Dept. of Sanskrit, and Mr. Ramasheshaiah, Professor (Retd), OU. The conference began with a motivational speech by Prof. Kannan. Prof. Sheshu Babu spoke about human literature and elucidated how globalization impacts humans and human responsibilities. Papers were presented by participants. The guests inspired the participants and had an interactive approach with them. The speakers spoke about the changing times and enlightened the audience on the importance of values which are missing in today's society. The event integrated human values with particular focus on Indian culture that merges into educational institutions and organizations. The guests highlighted the need to groom young researchers' commitment towards human values and the society, and implementation in their daily lives. The conference received an overwhelming response from various Universities, Colleges, Institutions and Research centers across the country.

National Seminar - Oshadhi 2015

Medicinal Plants have played an important role in health care since time immemorial. Plant parts, extracts and phytochemicals are being used in different systems of medicine like Ayurveda, Siddha, Unani and Allopathy. Further, nearly 90% of the herbal raw material is obtained through wild collection which poses a serious threat to their existence. A two-day National Seminar was organized on 18th and 19th December to create awareness and generate interest in medicinal plant research. The seminar was designed to enlighten people about the current trends and recent advances in conservation strategies, cultivation practices and market potential of plant parts and extracts. The guest speakers for the event were Dr. K. Nishteswar, Professor, Gujarat Ayurvedic University, Gujarat, Dr. Renu Dixit, S.V. Ayurvedic College, Tirupati, Dr. N. B. Brindavanam, Advisor, Bio-resources Group, Dabur R&D Centre, Mumbai, Dr. B.S. Ravi Kumar, AVK College for Women, Hassan, Karnataka, Dr. Noorunnisa Begum, FRLHT, Bangalore, Dr. V. Krishna Rao, Kovel Foundation, Vijayawada, Dr. K. P. Srivasuki IFS, Director, CEFNARM, Dr. K. Narasimha Reddy, President, TSMPB Growers Association, and Dr. UVR Vijaya Sarathi, IICT, Hyderabad. Scientific interactive sessions with the guests proved to be fruitful. Several scholars and students from institutions across India presented papers on various aspects of Medicinal Plants. It was a highly educational experience for everyone involved.

Faculty - Research & Development

1. **Dr. Maithry Shinde** from the Department of English presented papers at the International Conference on English language literature: Readings and Reflections and the National Conference on new trends in the Asian literatures in English.
2. **Sharmila Deshmukh** from the Department of English presented papers at the National Conference on Modern Trends in English Language Teaching and Transcending the Canon: Emerging literature in India. She has also published papers in the proceedings of the National Conference on Women Empowerment through Education, Employment and Entrepreneurship and in the journal Antharmukha.
3. **Dr. Rachel Irdaya Raj** from the Department of English published articles in the journal Antharmukha and in the proceedings of the ELT@I 3rd International Conference on Reflections of English Language and Literature.
4. **Pranita Sanghi** from the Department of English presented a paper at the International Conference on English language literature: Readings and Reflections.
5. **Suraj Prakash Yadav** from the Department of Computer Science presented a paper at the National Seminar – Oshadhi 2015.
6. **K. Srikanth** from the Department of Microbiology presented papers at the National Seminar on Human values in Literature and at the National Seminar – Oshadhi 2015.
7. **A Bharani** from the Department of Microbiology published an article in the European Journal of Biomedical and Pharmaceutical Sciences.
8. **P Sindhura** from the Department of Microbiology published an article in the European Journal of Biomedical and Pharmaceutical Sciences.
9. **P Suvarna** from the Department of Biochemistry presented a paper at the National Seminar – Oshadhi 2015.
10. **G Sunitha** from the Department of Biochemistry presented a paper at the National Seminar – Oshadhi 2015.
11. **Dr. K Padmaja** from the Department of Languages published two articles in the journal Antharmukha.
12. **Dr. Shivhar Biradar** from the Department of Languages is honoured by the Maharashtra Mandal for publishing two books and for his extensive research work.
13. **Dr. N. Surya Kanthi** from the Department of Languages presented a paper at the National Seminar on Telangana Ushyama Saahityam – Samaalochana.
14. **Dr. Meera Joshi**, Department of Mathematics delivered an invited talk on Existence of Out of plane equilibrium points for photo-gravitational circular restricted three body problem in an International Conference on “Celestial mechanics and dynamical Astronomy” held at Hyderabad from 15-17th December 2015.
15. **Dr. S. Ravi Kiran**, Department of Biochemistry was the Advisory Board member for a National Seminar on Emerging trends in Biosciences – Health care excellence organized on 20th August 2015 at Hyderabad.
16. **B. Narsimulu** of Department of Biotechnology got selected for CSIR-JRF Fellowship for the year 2015-16.

Placements for the academic year 2015-16

Aurora's Placements Cell for the Academic Year 2015-16 was formed in the month of June, with a vision of placing every interested student of the final year in the targeted companies. Mr. Viswanadham Bulusu has been the backbone of the council and nurtured the council to its best. The structure of the council was designed by Mr. Viswanadham Bulusu and formed by Ms. Jhansi K. The council was formed with 34 students from various streams of the college. The Council was headed by Mr. Y Sri Krishna Mohan who gave a better form to the committee and conducted training and orientation to all the students with the assistance of the team. Ms. Jhansi headed the corporate interface to invite various companies to the college.

The council was divided into three teams namely, Learning and Training, Research and Development and Organizing, where the L&T team concentrated in enhancing various skills of the students which would help them in building a career. R&D team was assigned the work of doing research on various companies where as the organizing team held meetings, drives and supported the other two teams.

This year the placement cell started its work by giving orientation to all the students which prepared them on how to attempt preliminary rounds of any company interview and also to test their strengths and potential. Apart from the aptitude, students have been rigorously trained on interview etiquettes, JAM & GD by the members of the council. Also orientation sessions have been organized for the students by the faculty and the HR managers to make them competent enough to face an interview.

The Cell successfully placed more than 237 students in the top listed companies like AMAZON, TCS, Unisys, Deloitte, Berkadia, Franklin & Templeton, IBM, Virtusa, WIPRO, HGS EBOS, ADP, Genpact, COGNIZANT, Concentrix, Aircel, Sutherland, TCS, S&P Capital IQ, Dr. Reddy's Lab, Pensiotech, Mphasis etc. with highest package of 3.00 lac p.a.

Another feather in our cap is our college signing an MoU with **Berkadia Sevcies India Private Limited** and **Aircel**. These two companies have offered Certification courses on Commercial Mortgage Back Securities and Corporate to campus. Around 34 students successfully completed these certification courses. Around 33 students are successfully doing internships with companies like Amazon, Aveksha, Lesson Tree, Wipro etc.

National Cadet Corps

The 17/3 NCC Coy at Aurora's Degree College happens to be one of the youngest companies of the NCC Group Head quarter, Hyderabad. It also boasts of being the first private college NCC Company in Andhra Pradesh. Established not more than 8 years ago, this company has turned out to be one of the supporting pillars of the Andhra Pradesh NCC Directorate.

National Service Scheme

Human beings have the basic instinct to help others. Aurora, in its journey to mould students into better human beings, has taken a lot of initiatives in the field of social service. The prime example among them is the National Service Scheme. Here are a few notable events which witnessed an active participation by Aurora's NSS wing:

- More than 45 volunteers participated in the NSS camp from 15th to 21st April, held at Thimmapur village, Kandukur Mandal, Ranga Reddy District.
- More than 50 volunteers coordinated the Telangana Formation Day celebrations from 2nd to 7th June at Ravindra Bharathi, Lalitha Kala Thoranam and Harihara Kalabhavan.
- More than 75 NSS volunteers participated in the International Day of Yoga event on 21st June at Youth Hostel, near Boats Club.
- International Youth Day was organized by NSS Aurora on 12th August, with Mr. Rishipal Singh, Zonal Director, NYK, as the chief guest.
- National-Level Youth Convention was celebrated on 11th September at RTC Kalabhavan and more than 35 NSS volunteers attended the event.
- The NSS Day was celebrated on 24th September, with more than 1200 Volunteers and 100 Program Officers (POs) at Tagore Auditorium, OU.
- On Gandhi Jayanthi, NSS POs and 64 NSS members were volunteers for the unveiling of India's longest National Flag.
- The Vigilance Awareness Week was conducted from 26th to 31st October at Aurora with Sri. K. Rajender, Addl. Dist Collector, as the chief guest.
- A State-Level Camp on Self-defense Training was conducted on 6th November, where two of our students were successfully trained.
- On 9th November, our students volunteered for the 'Telangana Bhasha Samskruthi' event at Ravindra Bharathi, with the chief guest being Sri. K. Chandrashekar Rao, Hon'ble Chief Minister, Telangana.
- A team of 25 members from Aurora's NutriClub visited the Dangoria Charitable Trust on 17th November, guided by Dr. Mahtab Bhamji, Scientist (Retd), NIN.
- An Anti-Ragging program was conducted in Aurora in collaboration with EENADU, with DCP V.B. Kamalasan Reddy as the chief guest.
- As a part of the Swachh Bharat Program, a total of 110 volunteers took care of the areas of Bhagat Singh Nagar and Lambada Thanda, cleaning up the premises and distributing necessary items. The guest for the initiative was notable actress, Amala, who inspired the residents to be vigilant.
- Nearly 40 volunteers were a part of the five-day Entrepreneurship Development Training Program at Aurora's PG College, Ramanthapur, which was organized by Government of India in collaboration with the ICT Academy, Tamil Nadu.
- Consumer Day was celebrated on 24th December with Mr. Rajat Kumar, IAS, Commissioner Civil Supplies, Mr. N. Ganeshan, Vice-president, Consumer Care Center and Mrs. Rajam Ganeshan, Consumer activist, as the guests. Students visited village camps to spread the word.

Swachh Bharat

Mahatma Gandhi had said, "Sanitation is more important than independence." He was a big believer in making our nation clean and healthy. Following Gandhi's words, the Swachh Bharat campaign was officially launched by the Indian Government on 2nd October, 2014 at Rajghat, New Delhi. Prime Minister Narendra Modi stood as a shining example to every Indian by cleaning the roads himself. It became India's biggest ever cleanliness drive with the involvement of nearly three million government employees, school and college students. Aurora has always been a strong presence in saving the earth. A Swachh Bharat program was organized on 4th October this year in the college to promote the noble cause. The Chief Guest for the day was Ms. Amala Akkineni, Founder, Blue Cross and Swachh Bharat Ambassador. Aurorians showed their passion for the environment by cleaning the college premises and the nearby areas. Aurorians interacted with the locals, identified the problems in their locality and inspired them to take up the initiative. Aurorians also coordinated with officials from GHMC to ensure that the vicinities remain clean. Ms. Akkineni enlightened the audience on how change in social behavior can happen only by participating. It was an eye-opening occurrence that encouraged everyone involved.

My India Projects

The traditional methods in education such as single discipline research have encountered a bottleneck and made it difficult for students to succeed in many academic and technical programs. To overcome this problem and achieve a breakthrough, there is a need for research involving more than one discipline. In order to reconstruct the education process and promote equality and cultural pluralism in a universally accepted approach, interdisciplinary projects have been introduced in Aurora as a potential tool for promoting learning and fostering positive interpersonal relationships among diverse groups of students. Thus, this interdisciplinary initiative is termed as "My India Project" (MIP).

The final presentation ceremony of the top twenty-five MIPS for the year 2015-2016 was held on 23rd January at the college auditorium. The judges for the day were Major Shiv Kiran, CEO, Sukuki Exnora, and Nishma and Tanushree, research scholars from Lady Sri Ram College, Delhi. Students eagerly displayed their colourful works. The ribbon cutting and the lighting of the lamp marked the ceremony open. The audience was enthralled with motivational speeches and a thought-provoking documentary on environmental imbalance. With immense enthusiasm and competitive spirit, the students interacted with the judges and spoke about their respective projects. After the evaluations, the judges shared their experiences with the students. Emphasis was given on letting go of greed in order to save our society. The students were appreciated for doing their bit in saving nature. The winners were congratulated. The event ended on an inspiring note to save our environment.

Literary & Cultural Arena

Abhiyaan

“Create the highest, grandest vision for your life, because you become what you believe.” These words said by Oprah Winfrey are particularly applicable to young minds. In order to succeed in life, their true potential needs to be realized, nurtured and showcased. Abhiyaan, our annual college fest, is the best platform to have an exponential growth of innate talents. This year's edition had Aurorians pumped, nervous and excited as ever. The chief guest for the inaugural function was Shri. C Parthasarathi, IAS, APC & Secretary Agriculture and Co – operation. A number of competitions tested the mettle of students from various colleges. The entire campus was brimming with a sense of adventure. Be it literary, technical, sports or cultural events, the students astonished everyone with their sheer tenacity and avant-garde ideas. Stalls were also set up by the students which provided food and fun mini-escapades to the competitors. Thinkers, singers, orators, dancers, writers- everyone had the opportunity to display their true grit. The fête's valedictory function had chief guest, Tollywood Actor Pavan, entertaining the audience. Abhiyaan was the product of undying passion and exceptional creativity. It was the perfect place for like-minded young talents to meet, discover, collaborate and express. The fest successfully motivated everyone to explore and evolve. We look forward to bigger and brighter talents next year!!

Talent Week

Aurora organizes its Talent Week every year to find and appreciate various talents among the students. But this year, the platform became larger by allowing the students to come up with various talents they have and hold a competition on those areas thereby making it more of a talent recognizing event! This is what made this year's Talent Week successful by covering all the areas of literary and cultural events. It started with an Inaugural Ceremony at the college auditorium, the event which lasted for two weeks had active participation from students of various streams, exposing their innate talents. The competitions were presided over by different faculties and had different captain in charges in assistance, without whom, the events wouldn't have been so successful. Organized by the Literary & Cultural Committee, the Talent Week 2015 was an example of how the entire college unites for an in house fest and how Aurorians are competitive among themselves to excel in their own areas of expertise.

Outstanding Achievers

Shravya Hulihyder of B.Sc - MiGC - III

Selected for the Jawaharlal Nehru Centre for Advanced Scientific Research, (JNCASR) Summer Internship at Bangalore.

Neha Quadri of B.Sc - MiGC - II

Selected for the Jawaharlal Nehru Centre for Advanced Scientific Research, (JNCASR) Summer Internship at Bangalore, for POBE for 3 consecutive years.

Pramod Sarvade of B.Com - Honours - III

1. Won **First Prize** in **Poster Making** conducted by Telangana State AIDs Control Society, Hyderabad.
2. Won **First Prize** in **Painting** Competition conducted by Osmania University, Hyderabad
3. Won **First Prize** in **Drawing** Competition in BISWAMIL 2015 conducted by OP Jindal Global University.
4. Won **Second Prize** in **Sketching and Thumb Painting** in BISWAMIL 2015 conducted by OP Jindal Global University.

Aurora Star of Excellence

At Aurora's Degree College, versatility is the corner stone of success of the modern day individual. Every student is required to participate in a combination of activities such as social activities, club activities, leadership activities, outbound activities, sports etc. apart from academics. The choice based credit system at Aurora encourages the over-all development of a student by giving due weightage to activities other than academics. The student with the most credits from each class is selected as a "Star of Aurora".

Creative Corner

Love Your Journey

Life is a journey, not a destination. -Ralph Waldo Emerson

I have a dream! Everybody has a dream. Some people live their dreams but others don't. Some overcome all hurdles and succeed while some are overcome by those hurdles and fail! How many times have we heard that life is a journey of ups and downs? How many more times were we asked to work hard? We have had inspirational lessons of optimism, perseverance and struggle as armour to be equipped with to win the battle of life. We are asked to wake up, walk, run and also fly! Now pause and take a deep breath...

Everyone knows what it takes to win. But only a few make it and fewer are actually happy! Motivation is something which gets us started but it is the enthusiasm and love that keep us going. In this journey of life, we are so occupied with the regrets of our past and dreams of our future that we eventually forget to live in our present! Live every bit of your life. Being alive isn't just breathing but living every second to the fullest. Not everyone remembers your past glory. It is what you are right now that gives you honor and appreciation. So, the best way to keep up and rise to more glory is to make the best use of your present moment. Use it to smile wide, to gather all positivity and try achieving your will.

The aim of life is to be happy. Either it comes from being a scientist making crazy inventions or by raising ten kids with good manners and behaviour! In this sea of life, sail with the people whom you love and care for, by giving and taking the ample time you need. To make the voyage awesome, set out on an adventure and enjoy the risks in your work. Your work is a large part of your life. The only way to be satisfied is to do what you believe is great with truth and honesty. And the only way to do great work is to love what you do.

Success is nowhere else but in your own hands. Discover yourself and explore within for the hidden treasures. Give the world a new discovery, a better you with each new day. Be the change for the change you want to see. And love your journey more than the destiny; love the life you're living.

Success is liking yourself, liking what you do and liking how you do it. -Maya Angelou

Role of Library in a Student's Life

"Knowledge is the true organ of sight, not the eyes",

"Knowledge is the true organ of sight, not the eyes", is a quote from the Panchatantra. This knowledge gained through various means is an ongoing, unending quest which stops only with our last breath. As we try to quench this thirst for knowledge, one realizes that a library is one's best guide.

Rows and rows of books that line the bookshelves in a library act as a constant reminder that one always has a lot to learn. What the student learns in a classroom is complemented by the information in books written by renowned authors.

This is a place which holds the answers to the constant flux of questions and doubts cropping up in the student's mind. It is a treasure trove of wisdom available to all who

are willing to accept its treasures. It is like the light which shines, notwithstanding whether you are friend or foe. It gives itself freely, and thereby does not diminish.

Each time you step in here, it teaches you something new. It educates you on a wide range of subjects from current affairs and literature to science in all its colours. Library is an integral part of a student's daily life. The literature it holds entertains you, the self-help books calm your agitated mind while the books on academics are a constant source of mind food to the student. The silence we are taught to maintain within its walls inculcates discipline and develops self-control.

**“Here is where people,
one frequently finds
Lower their voices, and
raise their minds”**

This is a saying I've read in my library and the truth in those words reverberates soundlessly in the sight of the students it houses.

- Uma Kumari.G
B.Sc - MiGC - II

Beware the Pitfalls of Modern Technology!

*We must turn ourselves around and start walking
towards nobler goals.*

It is the 21st century. Technology has vastly changed our track. The education system is not the same as it was a few decades earlier. Youngsters today are confused and unaware of the illusory world they live in. Books and pens were the instruments for good education and turning diligent students into good citizens. But now, young minds succumb to any new technology readily available - smart phone, sports bike, etc. Add to these the attractions of having a status in the online world- girl friend, alcohol, cigarettes. By simply jumping onto the bandwagon of

technology, the younger population is forgetting life's precious goals.

Facebook, whatsapp, and other social networking sites are today's buzz words. They are positive forces in terms of instant communication and sharing knowledge. But let's look at the negative fallout. Young and the old are stuck chatting and misusing. Is it fun? No. Quite a number of the youngsters are turning evil. The vast majority want everything cool and attractive. Having a smart phone and a girlfriend has become a status symbol. The human brain gets attracted towards bad things very easily. Social apps and Phones are not bad per-se but it's their wrong usage that diminishes everything.

A student focused primarily on studies doesn't need all this. We need updated technology and that's why we buy a smart phone. But it doesn't stop there. In a recent survey, it was found that 70% of youngsters using Facebook and Whatsapp don't tell their parents what they do and who they communicate with. Another 15% don't even know that they have fallen prey to cyber bullying and frauds. It's tragic that some of these youngsters using social networking end up in cyber crimes and illegal activities. The cultural aspects are also looking pretty bad. A boy and a girl start misusing these social networking sites and waste time- chatting, far removed from studies, bunking classes, slipping into late night parties and so on.

It's very hard to give up these habits but somewhere we must turn ourselves around and start walking towards nobler goals. I would like to urge not to fall prey to the pitfalls, realizing the immense harm they do to themselves and to others. The role of the parents in educating their children so that they don't become anti-social is of paramount importance. Have a goal in life Aim for high. Stay calm, bold and focused.

B.Sc - MPSC - II A

Shut Up and Read Books

Fortunately, books are not going anywhere

Most people reading this have grown up in a time of rapid technological transformation. Newspapers were supposed to be dead by now. Same goes for music systems, TVs, landlines, petrol-powered cars and books. Yet, they are all still here—they might look a little different, but they are not dead. In India, it is extremely difficult to analyze the effect of time passing by because different parts of the country are in different eras when it comes to the usage of technology. There are several technological generations existing side by side. Some generations skipped straight to flat-screen TV while some are still listening to the radio. Some still use the large keypad phones while there are those whose first phones are smart phones. Kids these days know everything about Wi-Fi but never learnt what a dial-up connection modem sounded like. And there are so many other people who will never be connected to the internet in their entire lives.

Fortunately, books are not going anywhere. Yes, today's people read more E-books than physical books, but there is always a room in the world for normal books. This is because they are more than what they contain. E-books are actually in more danger— the next generation of reading technology will take them out just as blu-rays overtook DVDs. Books have been around for a long time and we will certainly all be dead before they are. Storytelling media didn't disappear with the arrival of new visual-interactive media. They just adapt to their needs. The harsh truth is, when you look around, people don't read. It is true that Indians aren't avid readers the way the Japanese or French are. Older people have been complaining about young people not reading ever since reading was invented. Many things were supposed to kill books— music, films, TV, the internet, whatever it is that those crazy kids are obsessing about now-a-days.

While they might not die, books and reading are definitely going to change. More people are reading books on their phones. Young readers are used to reading whatever they want for free, which is why large media houses and publishing houses are struggling to find ways to give people what they want, while finding a way to keep journalists & authors from starving. Our attention spans are growing shorter. The way we use our memories is changing, our imaginations are becoming more visual and less abstract. Of course, things will always be changing. However, as a species, we are obsessed with stories. So if anyone is predicting the death of books or reading to you, just tell them to shut up and read more....!

Secrets of Spending Money

“Beware of little expenses.
A small leak will sink a great ship”

One of the most talked about topics in life is Financial Discipline. It means using money carefully and prudently without excessive spending. If you cannot manage a hundred rupees, you will never be able to deal with millions. The attitude you have towards money is the key to financial status. For example, people who win lakhs in lotteries end up in a financially unstable state a year or two later. If you are deliberate in spending money, you will be caught in a vicious cycle.

Let me explain further. Many times, we spend money mindlessly. Consider this— You might have Rs.50,000 in your account on payday and you use Rs.5,000 for a party without thinking. You made that decision knowing that you still have a chunk of money left in your account. It is not a big deal, right? You work 8 hours a day, five days a

week and a total of 160 hours a month. Your hourly rate is Rs.312.50. Now think about everything you have to do at work every hour to earn that money. When you start realizing what it takes to earn the money you spend, you start evaluating your choices before you let any money out of your pocket. You will conclude that it is fun to go on a night out, but not every weekend. You may decide to carry lunch from home instead of going out to eat. This kind of thinking helps you get a grip with the implication of your spending and makes you more cautious. Here are some important measures to be taken when it comes to spending money.

Understand Money: - It's important to understand money if you want to have financial discipline. Read books, blogs about personal finance, getting out of debts, investing etc to know what financial habits you need to establish. Learning basics and sticking to them is 80% of the battle.

Make a Plan: - Making a plan on paper for spending your money before you actually spend it. When I say "Make a Plan", what I really mean is that you should note down a monthly budget. This is not about deprivation like many people believe when they think of budgets. It is simply a plan for how you'll spend your money going forward.

Pay Yourself First: - Saving money can be a hard habit to establish when you have a lot of financial obligations. Most of us pay the bills first, and then try to figure out how to save money out of whatever little is left. Paying yourself first means you should figure out a percentage of your paycheck that you want to put in savings. This creates the discipline of consistently putting money into saving because you don't have to think about it every time you get paid.

• **Practice Mindful Spending:** - In today's modern society, we are influenced by many marketing messages and ads every day. It's easy to spend money without even thinking about it. Learn to start questioning yourself before you spend money, such as

- Do I really need this?
- Is this what I came to the store to buy?
- Can I do without it?
- Am I buying this out of emotion, just to feel good?

Pay attention, ask the right questions and you will develop a spending discipline as time goes on.

Advantages

- i. Guide for future activities
- ii. Increases managing efficiency
- iii. Ascertains adequate Capital
- iv. Maintenance of Financial Stability

"Beware of little expenses. A small leak will sink a great ship"

Book Reviews

The Fountainhead

The Fountainhead, by Ayn Rand, is one of the most inspiring books I have ever read. The best part of Ayn Rand's writing is that her characters are very powerful. To describe the story shortly, it is about an architect, Howard Roark. He is so passionate about his work that he pours his whole life into architecture. He never follows the old styles of architecture. The whole world turns against him, but Howard never cares to reply. He never worries about critics or participates in any competition. All he knows is architecture. The society doesn't appreciate his brilliance and slowly tries to crush him. But nevertheless, he doesn't obey anyone.

Ayn Rand introduces so many characters and shows how the society can influence a person.

This book is not for beginners. Some life experiences are necessary for the proper understanding of this book. I can assure you that this book has intellectual humor, thought-provoking ideas and full-fledged characters.

The Fault in our Stars – John Green

Cancer is such a dreadful disease, indiscriminate in its choice of victim. Many of the heartaches in dealing with

those who fight the fight, and many of the scars lasts lifetime. There is a myriad of stories behind the tragedy and many of them remain untold. John Green is possibly the most renowned author of young adult fiction currently operating and with 'The Fault In Our Stars', he builds a story out of darkness and despair.

His protagonist is a teen girl, Hazel Lancaster. Stricken with thyroid cancer with metastasis on her lungs from a young age, she believes she has come to terms with what her life has become. Then she meets a young man, Augustus Waters, a cancer survivor. He is drawn to her in a way that is initially uncomfortable. She tries to push him away, yet he finds her to be the exactly the type of girl he has been looking for.

The book tells us how they meet and fall in love. It isn't some lovey-dovey story. Whilst it isn't laugh out loud funny, it is witty and thoughtful; the characters are honest and likeable. Green makes us connect with Hazel and Augustus and the book really opens your eyes to the struggle of living with a disease. Hazel's relationship with her parents is heart-breaking but extremely touching. Throughout the story there is realism and humor- a 'candle in the wind' for each of those lives that have been touched by such an uncaring disease. This book gives the reader a candid look at cancer. It shows how a short life can still be as good as infinity. This book is a sad one and it made me tearful, but it is also a book of joy and appreciation of life. The courage, humor, energy, despair and the shocking climax- all kept me on a roller-coaster of emotions.

- Fatima Naaz
B.Com (Hons) I B

Great Expectations by Charles Dickens

Great Expectations is one of Charles Dickens' most famous works. Pip is a young orphan who lives with his elder sister and her husband. After a strange encounter as a kid, Pip goes to London and starts life in a society that is completely alien to him. His new-found prosperity and undying love for his childhood friend, Estella, change him in many ways. But many disasters await him. The novel chronicles Pip's experiences from childhood to adulthood. It is a tale of love, passion, and a mystery with social commentary.

Writing Style:

The novel is written in the first person – Pip recording his tale to the readers. Dickens' language might seem archaic to the modern

reader. Nevertheless, it is remarkably easy. The pace of novel is quite good and several chapters are extremely gripping.

My Thoughts:

I must confess that I started to read this book with a little bit of reluctance. The problem with an old book is that we usually have a general idea about it even if we haven't read it. But instead of the boredom I expected, the experience turned out to be both memorable and enriching. The relationship between Pip and Estella comes alive from the very beginning. There are also mysteries to be solved – the urge to find out what happens next. The irresponsible and immature Pip is one of Dickens' most endearing characters. His friends, Mr. Wemmick and Miss Skiffins, are unforgettable. The numerous comedic moments stand out, as do the moments of suspense, passion or realization. Great Expectations is one of the most complex and moving love stories ever.

Movie Review

Star Wars – The Force Awakens

The Magic is back!!

Poe Dameron, a member of the Resistance, is sent to the planet Jakku on an important mission along with his trusty droid, BB-8. Kylo Ren, a member of the evil First Order, is after the same thing Poe is - a map to the location of a legendary Jedi. Though Poe gets captured, BB-8 manages to escape with the map. The good-hearted Stormtrooper, Finn, rescues Poe from the clutches of the First Order. Meanwhile, BB-8 encounters Rey, a lonely scavenger, looking for answers in the world around her. Who is Rey? What drives Kylo Ren? How will the Resistance fare against the First Order? What follows is an amazing movie experience.

The Force Awakens is truly a Star Wars movie. The laziness and boring nature of the Prequel Trilogy are gone- here we have a fast-paced movie that keeps the audience excited throughout. The likeable new characters – Poe, Finn and Rey, are the real reason this movie is enjoyable. Oscar Isaac gives a solid performance as the charming Poe. John Boyega turns in an excellent performance as Finn. We see him struggle through his situation while maintaining his sense of humour. Daisy Ridley captivates us as the mysterious Rey. Rey's frustration, her emotional turmoil and her quest make her a compelling protagonist. The instant bromance between Poe and Finn makes for some memorable moments in the film. Boyega and Ridley's crackling chemistry adds a lot to the story. Adam Driver's Kylo Ren is a different villain in this universe. He seems to be torn apart by good and evil. While this is an interesting concept, the movie doesn't really capture the inner torture of the character. Domhnall Gleeson gives a memorable performance as the sinister General Hux.

Harrison Ford and Carrie Fisher return as Han and Leia, and it feels like they were never gone!! Han's, "Chewie, we're home", is sure to make fans cry (among other things!).

The movie is well-made, with a good mix of practical effects and CGI. J.J. Abrams' decision to use puppets and shoot on locations really pays off. Lupita Nyong'o's motion-capture character Maz is realistic and emotional. The bland CGI clusterfest of the Prequels is nowhere to be seen, which is a good sign for the future of this series. Abrams uses his trademark 'mystery set-up' to keep the audience hooked on till the last moment. Though the movie is good, it is not without flaws. The story, while only a backdrop to showcase the characters, definitely disappoints. Plot threads from the Original Trilogy are simply rehashed, which leads to lack of stakes and tension. The movie also suffers from the same thing most modern big-budget movies have- lack of a standalone nature. Too many allusions, mysteries and promises of better things to come are made but not found in the movie. While the original films are lauded for going all-out and doing innovative things, this one is almost risk-free and barely does anything new. The many moving parts with little breathing room, less focus on proper character development, reliance on nostalgia, disappointing CGI villain Snoke, the confused politics, the 'bigger is better' approach and plot conveniences prevent the film from being great. Even the new characters share too many similarities with the old ones.

In spite of the flaws, Force Awakens has managed to do something many movies couldn't- capture the magic of Star Wars. The emotional rush and excitement in the movie are bound to make generations of fans happy. The movie has already secured a place in pop culture with fan-fictions and hilarious memes. The wonderful new characters give us hope that whatever comes next, it'll be worth the wait.

The Hateful Eight

An occasion to relish, but not in a hurry!

Despite being a great fanatic of the 'cinematically adventurous' Quentin Tarantino, I've never had the opportunity to watch his movies on the big screen and with his eighth movie, that wish has been fulfilled. From *Reservoir Dogs* to *Django Unchained*, Tarantino has fascinated me with his unique style of movie making - the shots, the characters and the gore. Every film by him was a novel cinematic experience and this one is no different! With that quick-wittedness of *Pulp Fiction*, the spaghetti approach of *Django Unchained*, the aptly-paced character development of *Reservoir Dogs*, the drama of *Inglourious Basterds*, and the whole bloody affair, watching 'The Hateful Eight', my mind urged to roar – this is a Tarantino film!

In his movies, characters progress the plot and this time he plays with the reliability of those characters. At certain instances, we believe they speak truth and the very next second we wonder whether they are telling the truth – a matter of character building. A bounty hunter is on a stage coach, delivering a female criminal to Red Rock. He is joined by another bounty hunter and then by a Sheriff. To free themselves from the killing cold, they take shelter at Minnie's Haberdashery, where these strangers meet more strangers and the bloody affair begins – in Tarantino style! Oh yes, he creates drama with dialogues in his own distinctive manner with clever conversations, persuasive monologues and dark humour. The slow burn nature of the script is what takes the movie to another level- someone's going to strike any moment! For the history portion, Tarantino doesn't change anything big, but the situation remains seriously unpredictable. The main characters, as well as the audience, are not aware of the good and the bad- the only thing that matters is instinct!

When we talk about writing, the scene of persuasion comes to mind first, a brilliantly written sequence that polishes that quick-wittedness of Samuel L. Jackson! Tarantino's buddy steals the show with his clever monologue and impeccable style of dialogue delivery-

feast for Tarantino admirers. The ensemble includes Jennifer Jason- Leigh, who does notoriously funny deeds in a unique manner. She excels in the final chapter. Yes, he divides the film into long and short chapters again, offering apt levels of character description and narration. On the acting front, Tarantino has strange yet offbeat roles

for Kurt Russell, Walton Goggins, Tim Roth and Michael Madsen; the sneak- peak appearance of Channing Tatum is also impressive! The original script, written by the director himself, has its own kind of tension building. The heavy blend of sarcasm, humour and implications makes the viewer go crazy! The movie was shot in Ultra Panavision 70MM and for the ones who watch it in 70MM screens, the movie is a feast. But sadly, the unavailability of such a release here in Hyderabad kept me away from that enjoyment. Still, the movie has got that style – an approach I crave for – the Tarantino style of filmmaking. The music by Ennio Morricone is in perfect sync with that unique aspect of filmmaking – those spaghetti tunes! Robert Richardson frames the epic scale play with perfect shades of a dark western in a cold atmosphere! Quentin Tarantino proves his mettle yet again with the film, as it has everything you want and more- interesting symbolism, the freshness of narration, filming on real sets, the Western style, his trademark over-the-top violence and memorable characters.

Overall, Tarantino's 'The Hateful Eight' is a celebration of pure cinema – something not to be missed by movie lovers. If you are an admirer of this unconventional filmmaker, then this one is a real treat for you!

“Startin' to see pictures now ain't ya!”

Poet's Corner

You Are My Magic

When my eyes were afraid to see the new world, you have entered into my life like a hero...

When I hesitated to smile, you have become a reason to smile...

When my hands started shivering, you have shown me light of hope...

When my legs were afraid to take a new step, you have become my shadow to walk along...

And...When the whole world was against me, you stood by my side to support...

BRO... I think its only u with whom I feel safe... you are the real magic of my life...

- Lakshmi Gayatri

Walk Down The Lane

Tied the shoe lace with a slower pace
Started from home to an unknown place
I started to see the end
But it was just another bend
What I saw made my heart to melt
I realized how Buddha might have felt
Poverty, hunger and what not I saw
Naïve people captured in economic claws
The theoretical existence of laws was true
But practical application was just for a few
A world of pure economics existed in theory
Like a tale of king, queen and fairy
I started to understand what it was
Just because I took that pause
I understood how economy walks with a cane
Only because of that walk down the lane
I try to believe it was just another nightmare
Everyone deserves proper love and care

My Feathered Friend

One early Winter
Still in the deep slumber of dreams
Peeping through the fogged Window
I happened to capture
The eternal Beauty of life!

My feathered friend
Was so tiny and her spirit indomitable
That she mirrored in the small space occupied
I happen to reflect
The real lesson of the classroom!

She fluttered her strength
In the nest that she built and preserved
Nurturing her future with love and care
I happen to learn
The happiness in contentment!

The huge Universe
Appeared in miniature in total ignorance
That struggled to live in comfort and race
I happen to realize
My friend spread the message of brotherhood!
The greater minds
Were spell bound at her architectural feat
That was the result of her Passion
I happen to understand
The true essence of life!

में पत्र कहलाता हूँ

में पत्र हूँ
 एक कोरा पन्ना हूँ
 भावना मुझ में भर छेद दो
 तों प्राण प्रिय बन जाता हूँ
 में पत्र कहलाता हूँ
 कभी में माँ के आँसु बन जाता हूँ
 कभी बेटे का दिल पिघला देता हूँ
 में पत्र कहलाता हूँ
 सिमा तक का सफर कर जाता हूँ
 आँखों में खुशियों के आँसु का कारण बन जाता हूँ
 में पत्र कहलाता हूँ
 कलम कि स्याही से रंग जाता हूँ
 होलि, दिवाली और ईद मनाता हूँ
 में पत्र कहलाता हूँ
 कई खुशियों, कई शोक पोहोचता हूँ
 कभी हसता हूँ, कभी रूलाता हूँ
 में पत्र कहलाता हूँ
 ना समझों तो लिखा हुआ पन्ना हूँ
 समझलों तो किसी का संसार बन जाता हूँ
 में पत्र कहलाता हूँ

याद

डबू जाती हूँ मैं जिंदगी के
 उन तमाम अनुभवों में
 जब खेलती हूँ अपने जहन की
 एल्बम पन्ना दर पन्ना और
 जब झाँकती हूँ उन यादों में
 कुछ यादें सुकून देती है
 कुछ यादें परेशान करती है
 कुछ प्रतिशोध की आग में जलती है।
 तो कुछ कही हौसला भी पाती है।
 जब झाँकती हूँ उन यादों में!
 कही बचपन की ना समझी है
 तो कही जवानी में समझदार होने का दिखावा
 कही पुरानी परंपराओं को तोड़ने की ज़िद है
 तो कही दुनिया से अलग होने का छलावा
 कही कुछ बदगुमानिमा है
 तो कही कुछ संस्कार भी पाती हूँ।
 जब झाँकती हूँ इन यादों में !

पिता

पिता जीवन है, सम्बल है, शक्ति है,
 पिता सृष्टि के निर्माण की अभिव्यक्ति है।
 पिता अंगुली पकड़े बच्चे का सहारा है,
 पिता कभी कुछ मीठा है, तो कभी कुछ खारा
 है।
 पिता पालन पोषण है, परिवार का अनुशासन
 है,
 पिता भय से चलने वाला प्रेम का प्रशासन है।
 पिता रोटी है, कपडा है, मकान है,
 पिता है तो बच्चों का इंतजार है।
 पिता से ही बच्चों को देर सारे सपने हैं,
 पिता है तो बाजार के सब खिलौने अपने हैं।
 पिता परमात्मा की जगत के प्रति असिशक्ति है,
 पिता गृहस्थाश्रम में उपस्थित की भक्ति हैं।
 पिता एक जीवन को जीवन दान है,
 पिता दुनिया देखने का अहसास है।
 पिता सुक्षा है, अगर सिर पर हाथ है,
 पिता नहीं तो बचपन अनाथ है।
 तो पिता से बड़ा तुम अपना नाम करो,
 पिता का अपमान नहीं, अभिमान करों।
 क्योंकि मां-बाप की कमी कोई पाट नहीं सकता,
 ईश्वर भी इनके अशिषों को काट नहीं सकता।
 दुनिया में किसी भी देवता का स्थान दूजा है,
 मां- बाप की सेवा ही सबसे बड़ी पूजा है।

आगाज़ ज़िंदगी की....

यह जिस्म तो किराये का घर है,
 एक दिन खाली करना पड़ेगा।
 साँसे हो जाएँगी जब हमारी पूरी यहाँ,
 रूह को तन से अलविदा कहना पड़ेगा।
 वक्त नहीं है तो बच जाएंगे गोली से भी,
 समय आने पर ठोकर से मरना पड़ेगा।
 मौत कोई रिश्तत लेती नहीं कभी,
 सारी दौलत को छोड़कर जाना पड़ेगा।
 ना डर यूँ धूल के ज़रा से एहसास से तू,
 एक दिन सबको मिट्टी में मिलना पड़ेगा।
 सब याद करे दुनिया से जाने के बाद,
 दूसरों के लिए भी थोड़ा जीना पड़ेगा।
 इन हाथों से करोड़ो कमा ले भले तू यहाँ,
 खाली हाथ जाना पड़ेगा।
 ना भर यूँ जेबे अपनी बेईमानी की दौलत से,
 कफन को बगैर जेब के ही ओढ़ना पड़ेगा।
 यह ना सोच तेरे बगैर कुछ नहीं होगा यहाँ,
 रोज़ यहाँ किसी को 'आना' तो किसी को 'जाना'
 पड़ेगा !!

एक कविता हर माँ केनाम

घुटनों से रेंगत
कब पैरों पर खड़ा हुआ।
तेरी ममता की छाँव में,
जाने कब बड़ा हुआ।
काला टीका दूध-मलाई
आज भी सब कुछ वैसा है।
मैं ही मैं हूँ हर जगह
प्यार ये तेरा कैसा है ?
सीधा-साधा भोला भाला,
मैं ही सबसे अच्छा हूँ।
कितना भी हो जाऊँ बड़ा,
'माँ' मैं आज भी तेरा बच्चा हूँ।

नारी

कैसे कह दिया वो निर्लज है
कैसे कह दिया वो पापी है
औरत के दायरे बनाने वाली
जरा अपना गिरेबान में तो झाको
क्या अपनी माँ की संस्कार खिलोगे
या बहन को सूली पर चढाओगे
दो पल सुकून देकर, अपनी बेटी से पूछो
कैसा लगता है उसे जब कोई सिटी बजाता
जब कोई उसकी आजादी पर उँगली उठाता
क्या बोलोगे तुम इन सवालों पर
जो खुद नुक्कड़ पर खड़ा होकर औकात दिखाता
है
जो खुद कुत्तों की तरह जीभ निकालता है
यही शब्द है मेरे भीतर उन चंद निकालता है
यही शब्द है मेरे भीतर उन चंद गवारों के लिए
जिन्होंने कहा लड़की गलत है, उसके कपड़े
गलत है
और जो ये आवाज़ कर गए, क्या कहेंगे उसके
लिए
ये आपके दिये संस्कार थे या तोहफे में मिले
आशीर्वादि
निर्भया थी वो, जो चले गई, पर उसे न्याय नहीं
दे पाया समाज
हर पर एक मासूम कुचली जाती है, क्या करोगे
बढ़ाकर कन्या का अनुपात

తెలుగు భాష ఆత్మకథ

అందరికీ నమస్కారం ! ఎవరు రా! నమస్కారం అంటున్నారు? అనుకోకండి. నేను మీ తెలుగు భాషని. ఇలా ఎందుకు మాట్లాడుతున్నాను అనుకుంటున్నారా? నా కథ చెప్తా వినండి. 7వ శతాబ్దంలో నేను జన్మించాను. కానీ నాకు గుర్తింపు 11వ శతాబ్దంలో మహాభారతాన్ని నన్నయ్య తెనుగించడం వల్ల లభించింది. 1100-1600 కాలం నా జీవితంలో స్వర్ణ సమయంగా గడిచింది. "దేశ భాషలందు తెలుగు లెస్స" అని ఆంధ్రభోజుడు "శ్రీ కృష్ణదేవరాయలు"చే కీర్తించబడ్డాను. 1930లో నేను గ్రాంథిక రూపం నుంచి వాడుక భాషగా మారాను. కందుకూరి వీరేశలింగం, గురజాడ అప్పారావు, పానుగంటి లక్ష్మీ నరసింహారావు వంటి ప్రముఖులచే

పూజింపబడ్డాను.

ఇంత ఘన చరిత్ర కలిగిన నేను మూడు దశాబ్దాలుగా నా జీవితం చాలా బాధాకరంగా మారింది. తెలుగేంటి బాధపడటం ఏంటి అనుకుంటున్నారా? చెప్తా వినండి. 1835లో భారతదేశానికి వచ్చిన ఆంగ్లభాష నా జీవితాన్ని తారుమారు చేసింది. ఏదో మిత్ర భాష కదా అని ఊరుకున్నాను. కాని 2000 సంవత్సరంలో అది పాఠశాలలో, కార్యాలయాలలో, కర్మాగారాలలోకి చొరబడి నన్ను వాటి నుండి దూరం చేసింది. "అ అంటే అమ్మ" అనే పిల్లలు "A for Apple" అని నేర్చుకుంటున్నారు. పాఠశాలల్లో మరియు కార్పొరేట్ సంస్థలలో నన్ను బహిష్కరించారు. కచ్చితంగా ఆంగ్లమే మాట్లాడలని ఆంక్షలు విధించారు. ఇది ఇలాగే కొనసాగితే, రాబోయే కాలంలో తెలుగు అంటే ఏమిటి? అని అడిగే పరిస్థితి వస్తుందేమో? అని నాకు భయంగా ఉంది. తెలుగు రాష్ట్ర ప్రజలు నన్ను మర్చిపోయి, ఒక అజ్ఞాత వ్యక్తిగా వ్యవహరించే రోజు వస్తుందేమో! అని కృంగిపోతున్నాను.

మీ అందరికీ నా విన్నపం ఏంటంటే నాకిచ్చే మాతృభాష గౌరవాన్ని ఎప్పటికీ సుస్థిరంగా నిలబెట్టమని కోరుతున్నాను. రాబోయే కాలంలో మీరు నన్ను నిర్లక్ష్యం చేయరని ఆశిస్తు...

“మీ తెలుగు”

అమ్మ!

దేవుడు మానవునికి ఇచ్చిన గొప్పవరం ఆలోచన శక్తి. మన ఆలోచనలు గొప్పలా ఉంటే గొప్పవాళ్లము అవుతాం. ఎంత చెడ్డగా ఆలోచిస్తే అంతా చెడ్డవాళ్లము అవుతాం.

మనం గొప్పవాళ్లం అవడానికి కేవలం మన అమ్మనాన్నలే కారణం మనం ప్రేమించే అమ్మాయి కాదు. అమ్మనీ వదులుకొని అమ్మాయి మాటలు మన మంచి కోసమేనని గ్రహించాలి.

మన శరీరంలో ప్రవహించే ప్రతీ రక్తపు బొట్టు అమ్మ నుండి వచ్చిందే. ప్రపంచంలో ఏకైక వ్యక్తి మనం ద్వేషించినా మనని ప్రేమించే వ్యక్తి మన 'అమ్మ' ఒక్కటే. మనం ఎల్లప్పుడు సుఖంగా ఉండాలనీ కోరుకుంటూ తాను మాత్రం కష్టాలు అనుభవిస్తుంది. మన జీవితంలో కేవలం ఒకేసారి మనం ఏర్పడినప్పుడు మాత్రం మన "అమ్మ" నవ్వుతుంది అదీ కేవలం మనం పుట్టిన క్షణంలో మాత్రమే.

కనులు తెరిచిన క్షణం

కనపడే రూపం అమ్మ

తన ఆత్మ శరీరం నుంచి

మనకు జన్మనిచ్చిన దివ్యరూపం అమ్మ

తన రక్తాన్నీ పాలుగా మార్చి

మన ప్రాణం నిలుపుతుంది అమ్మ

మన కాలిలో ముల్లు విరిగినా

విలవిల లాడిపోయేది అమ్మ

మన మౌనం సైతం

అర్థం చేసుకోగలరు అమ్మ

మన ప్రాణానికి తన ప్రాణం అడ్డు వేయడానికి

ఏ మాత్రం వెనుకాడదు అమ్మ

తనవన్నీ త్యాగం చేస్తూ

మన ఎదుగుదల కోరుకుంటుంది అమ్మ

మన పెదవిపై చిరునవ్వు

తన గెలుపుగా భావిస్తుంది అమ్మ

చివరి క్షణం వరకు

అనుక్షణం నీకై బ్రతుకుతుంది అమ్మ

చివరి శ్వాస విను చూస్తూ

నీ చేతుల్లో ఒదలాలనీ తపించిపోతుంది అమ్మ

ప్రేమ అనే పదానికి అర్థం అమ్మ

నీ ప్రేమ అమూల్యం అమ్మ

నీ రుణం తీర్చుకోలేనిది అమ్మ

అనురాగానికి అర్థం అమ్మ

మమకారానికి మూలం అమ్మ

సుఖదు:ఖాల సుడిగుండాల నడుమ

తీరాన్ని చేర్చు ప్రతి ఇంటి పట్టుకొమ్మ

అలసటకు దూరం అమ్మ

సహనానికి తీరం అమ్మ

నిస్వార్థమైన ప్రేమకు గుర్తుగా

దేవుడు పంపిన నిలువెత్తు రూపం అమ్మం

అమ్మను గౌరవిద్దాం, అమ్మను ప్రేమిద్దాం

అమ్మ మనకు అన్నీ అంకితం చేస్తుంది కానీ మన నుండి ఏమీ కోరుకోదు.

एक दिन खाली करना पड़ेगा।
साँसे हो जाएँगी जब हमारी पूरी यहाँ,
रूह को तन से अलविदा कहना पड़ेगा।
वक्त नहीं है तो बच जाएंगे गोली से भी,
समय आने पर ठोकर से मरना पड़ेगा।
मौत कोई रिश्तत लेती नहीं कभी,
सारी दौलत को छोड़कर जाना पड़ेगा।
ना डर यूँ धूल के ज़रा से एहसास से तू,
एक दिन सबको मिट्टी में मिलना पड़ेगा।
सब याद करे दुनिया से जाने के बाद,
दूसरों के लिए भी थोड़ा जीना पड़ेगा।
इन हाथों से करोड़ो कमा ले भले तू यहाँ,
खाली हाथ जाना पड़ेगा।
ना भर यूँ जेबे अपनी बेईमानी की दौलत से,
कफन को बगैर जेब के ही ओढ़ना पड़ेगा।
यह ना सोच तेरे बगैर कुछ नहीं होगा यहाँ,
रोज़ यहाँ किसी को 'आना' तो किसी को 'जाना'
पड़ेगा !!

एक कविता हर माँ केनाम

घुटनों से रेंगत
कब पैरों पर खड़ा हुआ।
तेरी ममता की छाँव में,
जाने कब बड़ा हुआ।
काला टीका दूध-मलाई
आज भी सब कुछ वैसा है।
मैं ही मैं हूँ हर जगह
प्यार ये तेरा कैसा है ?
सीधा-साधा भोला भाला,
मैं ही सबसे अच्छा हूँ।
कितना भी हो जाँऊ बड़ा,
'माँ' मैं आज भी तेरा बच्चा हूँ।

नारी

कैसे कह दिया वो निर्लज है
कैसे कह दिया वो पापी है
औरत के दायरे बनाने वाली
जरा अपना गिरेबान में तो झाको
क्या अपनी माँ की संस्कार खिलोगे
या बहन को सूली पर चढाओगे
दो पल सुकून देकर, अपनी बेटी से पूछो
कैसा लगता हैं उसे जब कोई सिटी बजाता
जब कोई उसकी आज्ञादी पर उँगली उठाता
क्या बोलोगे तुम इन सवालों पर
जो खुद नुक्कड़ पर खड़ा होकर औकात दिखाता
है
जो खुद कुत्तों की तरह जीभ निकालता है
यही शब्द है मेरे भीतर उन चंद निकालता है
यही शब्द है मेरे भीतर उन चंद गवारों के लिए
जिन्होंने कहा लड़की गलत है, उसके कपड़े
गलत है
और जो ये आवाज़ कर गए, क्या कहेंगे उसके
लिए
ये आपके दिये संस्कार थे या तोहफे में मिले
आशीर्वादि
निर्भया थी वो, जो चले गई, पर उसे न्याय नहीं
दे पाया समाज
हर पर एक मासूम कुचली जाती है, क्या करोगे
बढ़ाकर कन्या का अनुपात

यादें

एक दिन जा बैठी मैं,
मीठी यादों के पनघट पर,
मन करता था,
उस नदिया को ऐसे समेटु कि,
भर जाए मेरे हृदय की गागर।
उस नदिया कि हर बूँद है मीठी,
कुछ गुड सी कुछ गन्ने सी।
कुछ बूँदे तेरी मेरी परछाई,
कुछ उभरी कुछ सकुचाई।
कुछ बूँदे थी इतनी सुन्दर,
जो मोती बन इतराए अंदर।
कुछ बूँदे थी इतनी प्यारी,
जो बन गयी कमलों की क्यारी।
कुछ बूँदे है खूब हँसाती,
कुछ बूँदे, बूँदे के संग लाती।
कुछ बूँदे फिर नाचे गाये,
मेरे उदैलित मन को बहलाए।
ये यादें मन-मंथन कर जाए,
दे जाये कल्प-वृक्ष सा धरोहर,
इस अनमोल धरोहर को धन्य हुआ मैं पाकर।
धन्य हुआ मैं तुझको पाकर,
तेरे ज्ञान कि एक बूँद को पाकर।
तेरा स्नेह अपार पाकर,
तेरा अद्वितीय मार्गदर्शन पाकर।
प्रार्थना है अब एक ही ईश्वर से,
इस धरोहर को ना खोऊँ चूक से।
हर रोज़ मैं आऊँ उस पनघट पर,
जहाँ मिले हम-तुम
हर क्षण।
हर पल।
हर पल।
