**REPORT ON STUDENTS FEEDBACK**

The aim of college is to improve the quality of teaching by introducing students feedback <sup>and</sup> ~~to teachers~~ evaluation system in Aurora. Every year the college collects the feedback from the students in order to get their view about the syllabus completion by the faculty.

This process occurs twice, yearly basis towards the end of the first semester in January and towards the end of the second semester May/ June.

**Focus of the students feedback:**

It focuses on the following issues:

- General questions on the study unit
- Comparison between study unit description and actual delivery
- Method of assessment
- Lecturing methodologies
- Additional comments
- Whether the teaching methodology is in compliance with PO's
- Does the curriculum cater to placement and higher education

In the last the review is done on the feedback and HODs, VP, Principal follow up appropriate action are identified and communicated to the Depts.

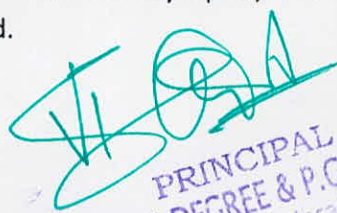

The result of the student feedback process, as well as recommendations and the actions taken on the basis of such recommendations are important considerations for the program review which each dept is required to undertake.

Very focused students find subject is useful for higher education, whereas few have mixed opinion about syllabus.

Therefore further necessary action or initiative is taken in regard to the students review by the management.

Based on the feedback of slow learners and faculty inputs, new teaching strategies are employed and also remedial classes are conducted.

**REPORT ON FACULTY FEEDBACK**

The college collects the feedback from the faculty in regard to get the opinion whether they are compatible with the syllabus for the students and further necessary things to be incorporated for the development of the students.

1. It involved that the syllabus is vast in regard to the CBCS pattern which is introduced by the university.
2. Slow learners cannot cope with the pace as syllabus has to be completed in time by faculty.
3. All courses do not prepare them(student) for higher education.
4. Soft skills and English speaking should be fostered more among students.

5. Students coming from corporate colleges do not have an attitude towards independent learning. They are used to rote learning practices & hence find it difficult to the UG scenario.

**REPORT ON PARENTS FEEDBACK**

Nowadays, educational Institutions are paying increasing attention to the views of Student's Parents on the involvement in teaching through reviews or feedback.

Therefore the college has conducted the feedback from them in regard to the syllabus pattern as well as the teaching methodologies opted by the faculty.

1. There was a mixed response from the parents in regard to it. Few parents suggested that there is good teaching methodology opted by the faculty in teaching the subject. Whereas, few parents have suggested that due to vast syllabus, students are unable to cope up with the semester pattern introduced by the university.
2. They also suggested us to conduct some special classes in case of students who have backlog papers, to which we have implemented and taken extra classes for them.
3. A few parents who are uneducated do not have a say in the syllabus. They expect their ward to study well.
4. In the last, the review is completed for which the management follows up by taking appropriate action.

**REPORT ON ALUMNI FEEDBACK**

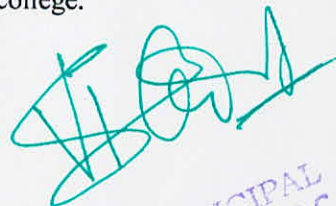

Today, alumni relations is an important part of an institution's advancement activities for many reasons: Alumni are often in the position to engage the expertise of the institution in their professional lives.

The main objective to conduct the alumni meet is to have an **association** to foster a spirit of loyalty and to promote the general welfare of our organization.

The college conducts the meet yearly once . In response, alumni shared their experience as well as interesting moments of campus life with audience.

1. The feedback is collected manually from them in perspective to the syllabus pattern applicability in the current trend of placements and higher education , and also the curriculum that they have studied here has contributed to their professional growth or not.
2. The reviewed feedback was like the subjects taught were useful for them in future and also the students should be well trained in technical and soft skills where the student lacks in.
3. A few have said that students who refrain themselves from participating in co & extra curricular activities are not outcoming and face problems during placements.

Therefore the management reviews all the feedback and then implements the necessary steps for the development of students as well as for the college.
