| **TARGET AUDIENCE** | M.Sc.(Computer Science)- Sem 1 and Sem 3 Students |

**Objective:**

The main objective is to teach the principles of how different types of media can be processed and presented by computers. It introduces how multimedia can be used in various application areas and it provide awareness on Entrepreneurship

**Brief about the event:**

Department of Computer Science organized Add on Course in collaboration with NIMSME (National Institute for Micro, Small and Medium Enterprises) on VFX Editor, Graphic Designing and Animator from 11-2-2022 to 31-3-2022.
Students of M.Sc. (Computer Science) Sem 1 and Sem 3 have completed the course of 2 months and gained the practical knowledge and its implementation. The students were given task to complete like presenting the objects from virtual to reality by using various built-in tools.

**Outcome:**

Students have gained knowledge on multimedia in respect to many applications like business, schools, home, education, and virtual reality and also worked with all aspects of images, sounds and video effects.

The course enabled the students to become critical thinkers and creative producers of multiple modes of media, including communication, film/video, graphic design, Students were encouraged to create media as self-expression to engage with the world around them.
